Introduction:

This policy sets out the procedure for the calculation of the Contribution payable for water and sewer main extensions to lot(s) where water and sewerage is available but not connected to the subject lot(s) and where the calculation of a contribution is not set out under the *Tenterfield Shire Council Development Servicing Plan for Water Supply Services* or the *Tenterfield Shire Council Development Servicing Plan for Sewer Supply Services* respectively.

Policy:

Water

Where water is not connected to a lot, and where the method of calculation for contributions for water supply is not set out in the *Tenterfield Shire Council Development Servicing Plan for Water Supply Services*;

1. if annual service charges for water are currently being paid, Council will provide the service as soon as possible at its cost with normal water connection fees being payable;
2. if no annual service charges for water are currently being paid, the matter is considered as for a subdivision and the following are payable by the person requesting the service;
 - a. the full cost of extension; and
 - b. a contribution for headworks; and
 - c. normal water connection fees;

Sewer

Where sewer is not connected to a lot, and where the method of calculation for contributions for sewer supply is not set out in the *Tenterfield Shire Council Development Servicing Plan for Sewer Supply Services*, the calculation of contributions will use the process as described above for water, excepting that references to water will be substituted with references to sewer.
