### **TROUT RELEASE IN TENTERFIELD DAM**

Restocking of the Tenterfield Dam began recently, organised by Michael Davey from OZ Fish.

One hundred large breeding trout, kindly supplied by Peter Selby at Ebor Trout Hatchery, were released into the Dam on Wednesday, 21 October 2020 with another 3,400 to go.

"This is a fantastic opportunity for the Tenterfield Dam. Restocking of the Dam will help species recovery, and allow continuation of fishing events to improve resilience of the community as we emerge from the effects of 2019/2020's natural disasters.

It is hoped the re-stocking of the Dam will provide a resource into the future which will aid in Tourism and economic growth for the Shire", announced Mayor Peter Petty.

The new water filtration plant when constructed, will allow Council to open the Dam for recreation and allow the community and tourists a recreational precinct.

## **MYROADINFO NEW FUNCTIONALITY LINKED TO LIVE TRAFFIC NSW**

MyRoadInfo is a website that acts as a centralised information service showing council road closures across the Northern Rivers Region.

The website allows residents to see at a glance which roads are affected by events such as flooding, accidents, storms or by major road and bridge works in the following shire council areas:

- Ballina
- Byron
- Kyogle
- Tweed
- Lismore
- Clarence Valley
- Richmond Valley
- Tenterfield

MyRoadInfo includes the latest updates from councils so residents have localised knowledge at their fingertips to make sensible decisions on the road.

Media organisations can also click on 'Printable Reports' and choose to read information by council, by status or by most recently updated.

MyRoadInfo which shows Council Road information is now linked to **Live Traffic NSW**. To view Council supplied information on the Live Traffic website you will need to open 'Map Options' (bottom left hand corner) and turn on the Council supplied information button, this will then show all closures & road information pertaining to both Council roads and State roads.

### **WHEELIE BINS NEED TO SOCIALLY DISTANCE**

Did you know that your wheelie bins need to be 0.5m apart in order to be collected?

If you have your bins closer than this, there is no space for the garbage trucks hydraulic arm to pick up your bin. Having your bins too close together may mean that your bins will not be collected.

Please help to make our waste collection operation efficient and keep your bins 0.5m apart.

The Where's Ya Bin sticker has seen many 'dress' their bins to go out. If anyone hasn't yet received their sticker please drop in and see our wonderful customer service staff at the Visitor Information Centre located at 157 Rouse Street, Tenterfield.
