COVID 19 statement

Council has implemented strict protocols to ensure we comply with directions issued by government in relation to managing the COVID 19 risk.

These protocols apply to our staff, our customers and visitors to our premises, and councillors alike.

Some non-essential services have ceased altogether, others are still in operation but due to social distancing have added levels of complexity.

Please be understanding that we will do our best to maintain services and help in what are unique and challenging circumstances.

LEVEL 2 WATER RESTRICTIONS - URBENVILLE

Urbenville Water Supply is now between 60% and 70% capacity. Council has now enacted the Drought Management Plan and issued the town of Urbenville with Level 2 water restrictions.

Level 2 water restrictions is a moderate water restriction level and is designed to increase the community awareness of water saving techniques and reduce normal daily household consumption by 10-20%. By raising community awareness we can all help to reduce water consumption and save our precious water supply.

Residents are asked to abide by these restrictions from Friday, 27th November 2020.

Full information on water restrictions can be found on Council's website, <https://www.tenterfield.nsw.gov.au/services/water> which includes public and commercial restrictions.

DAM VALVE OPENING SCHOOLS GET INVOLVED

Recently, students from Tenterfield High School and Tenterfield Preschool embraced a unique learning opportunity to watch the opening of the Tenterfield Dam valve. The students then explored Tenterfield Creek between the base of the Dam and the old swimming pool to ensure that there were no trapped fish as a result of the valve opening.

As part of the maintenance of the Dam, Council are required to open the valve to ensure that it is operating smoothly. While this should occur on a monthly basis, it was not scheduled during the drought. Until weather conditions stabilise, with rain on the long term forecasts, Council will be limiting opening the valve to every six (6) months.

"Council will be approaching schools within our Shire to invite them to attend these future openings", said Mayor

Peter Petty.

"This is a great opportunity for students to learn about how Council manages our water supply in Tenterfield and I would encourage all schools to get involved in future events", the Mayor added.
