NEW BIN LIFTERS DEPLOYED

Council has recently purchased mechanical bin lifters to utilise at the Drake, Torrington & Liston Waste Transfer Stations. This new machinery was installed due to customer feedback at the recent Community Consultation sessions, and to alleviate concerns with lifting large 240 litre bins to empty into our industrial bins.

Council is excited to provide this new equipment which will assist the Tenterfield Shire community with accessible waste disposal. Staff will operate the equipment for patrons at our Waste Transfer Stations.

To use the new Bin Lifters, please ask one of our friendly operators to assist with emptying your bin.

LOCAL GOVERNMENT WEEK — 1-7 AUGUST 2022

Councils provide their communities with the services and infrastructure they need to work, rest and play, 365 days a year.

As the level of government closest to communities, Councils are best placed to activate healthy local economies and thriving neighbourhoods. Partnerships across all levels of government can help NSW build back better in the wake of bushfires, floods, and the COVID-19 pandemic. Local Government Week celebrates the range and diversity of services councils offer the community: everything from community events, childcare centres, libraries, sports fields, parks, and cemeteries, to food safety checks, building and development and pet registration.

Did you know:

- Councils deliver so much more than roads, rates, and rubbish: they are a reflection of the complex communities they serve each and every day.
- Councils in NSW look after more than \$178 billion of community assets – parks, pools and playgrounds; libraries, local festivals and lighting, cemeteries and childcare centres, museums and art galleries.
- Councils employ over 48,000 people in local communities right across NSW.
- Councils are helping to drive a locally led economy by employing lawyers, labourers and librarians; cleaners, carpenters and carers; electricians, engineers and educators.
- Local government in NSW manages 90% (164,000km) of the state's local and regional road network.
- Local government spends more than \$2 billion each year on caring for the environment via recycling and waste management, stormwater management and preserving and protecting native flora and fauna.
- NSW has 450 council-run libraries that attract more than 34.8 million visits each year.

- NSW councils manage an estimated 35 million tonnes of waste each year.

COMMUNITY SATISFACTION SURVEY 2022

Tenterfield Shire Council has engaged the services of Taverner Research Group to undertake Council's Community Satisfaction Survey 2022. 300 residents will be randomly selected by Taverner Research Group for a 15-minute telephone survey. Council surveys residents every two years to find out how we are doing in the delivery of services, where we are doing well and where we can improve. The survey will be conducted from Monday 8 August 2022 to Friday 19 August 2022.

For any queries regarding the survey please contact Council's Manager Customer Service, Governance & Records, Erika Bursford, on (02) 6736 6000 or council@tenterfield.nsw.gov.au.
