OUR COMMUNITY, OUR REGION

The Tenterfield Shire is located in Northern NSW. From the Queensland/New South Wales border in the north and across the range to New South Wales' northern rivers, the Shire enjoys alpine summers, vibrant autumn reds, white-frosted winters and floral springs. Adventure seekers, history buffs and boutique lovers are bound to find something that speaks to their soul in this region.

Tenterfield Shire is home to approximately 6,700 people, with half living in the town and the other half across the broader Shire.

Our Shire covers over 7,322 square kilometres, ranging from 150m to 1,500m above sea level including many landscapes and climates.

The Shire is also home to seven villages:

Urbenville, Drake, Jennings, Legume, Liston, Torrington, and Mingoola.

A strong agricultural region, Tenterfield Shire also offers residents and visitors many opportunities to get off the beaten track and discover history, nature and culture.

MESSAGE FROM OUR MAYOR

The previous term of Council was unlike any other we have seen before. During what became a five-year term of Council we suffered drought, bushfires, flood and the COVID-19 pandemic.

The time was very challenging for Council as we adapted to new ways of delivering services and seeking to do so in a financially sustainable manner. This Delivery Program and the associated Operational Plans will continue this approach as we seek to ensure Council's future financial sustainability.

This plan is where we turn the community's vision into on-the-ground actions that will be delivered during this term of Council, and more specifically what will be delivered during the 2023-24 financial year. The plan is a critical component of Council's obligation to the community under the NSW Government's Integrated Planning and Reporting Framework.

Despite our financial challenges Council will continue to deliver substantial services such as continued improvements to our road network, Tenterfield water mains replacement, Library refurbishment and we continue our investment in waste management facilities across the region such as Urbenville recycling infrastructure.

The plan has been developed by taking into account what you, the community, told us were your priorities, and also by taking into account Council's financial situation. With the recent discussions with the community we have not shied away from the fact that Council's financial position is not where we want it to be, and this is something we will be seeking to redress early in this term of Council.

We have had to make hard decisions in our budget process while focusing strongly on:

1. Council's core services,
2. Finishing what we have started,
3. Reviewing our operations for efficiency, while ensuring we meet our statutory guidelines, and
4. Establishing the framework that will ensure a financially sustainable Tenterfield Shire Council for the future.

While we have considerable work to do, I also know how strong, resilient and capable our community is and I look forward to working with the community, my fellow Councillors, and the staff as we make the Tenterfield Shire a great place to live, work and visit.

Cr Bronwyn Petrie
Mayor

OUR MISSION & VISION

OUR MISSION:

"Quality Nature, Quality Heritage and Quality Lifestyle" provides focus and direction in the manner in which Council provides leadership and services.

OUR VISION:

- To establish a Shire where the environment will be protected and enhanced to ensure sustainability and inter-generational equity,
- To recognise and actively develop our cultural strengths and unique heritage,
- To establish a prosperous Shire through balanced, sustainable economic growth which is managed in a way to create quality lifestyles and satisfy the employment, environmental and social aims of the community,
- To establish a community spirit which encourages a quality lifestyle, supports health and social well-being, promotes family life and lifestyle choices,
- To establish a community spirit which promotes opportunities to participate in sport and recreation, promotes equal access to all services and facilities, and
- To encourage all people to participate in the economic and social life of the community with a supportive attitude towards equal life chances and equal opportunity for access to Shire resources.

INTEGRATED PLANNING & REPORTING

Integrated Planning and Reporting (IP&R) is legislation that requires councils to prepare a number of plans, which detail how the council intends to deliver services and infrastructure in the short and long term, based on community priorities identified through community engagement during the planning process.

Council has an ongoing commitment to work with the different members and groups of our community to continually shape, represent and support our shared vision for the Tenterfield Shire Council underpinned by our continued collaboration. The legislation requires councils and their communities to engage in discussions about funding priorities and acceptable service levels, taking into consideration local conditions and opportunities to plan for a sustainable future.

To achieve sustainability as a community, our Community Strategic Plan needs to be based on sustainability, often referred to as the quadruple bottom line (QBL). The QBL considers the pillars of environmental, social, economic and government leadership in the quest for a holistic, sustainable and viable community. The QBL approach supports the Community Strategic Plan to ensure a balanced outlook and importantly ensures no one particular aspect dominates.

The key documents required under the legislation are:

- The **Community Strategic Plan (CSP)** - identifies long term (minimum 10 years) goals and priorities for the community and the local government area.
- The **Delivery Program (DP)** - identifies what Council is responsible for delivering to support the Community Strategic Plan. The DP allows Council to set priorities for its elected term.
- The **Operational Plan (OP)** - details the actions and programs to be undertaken each year to support the Delivery Program.

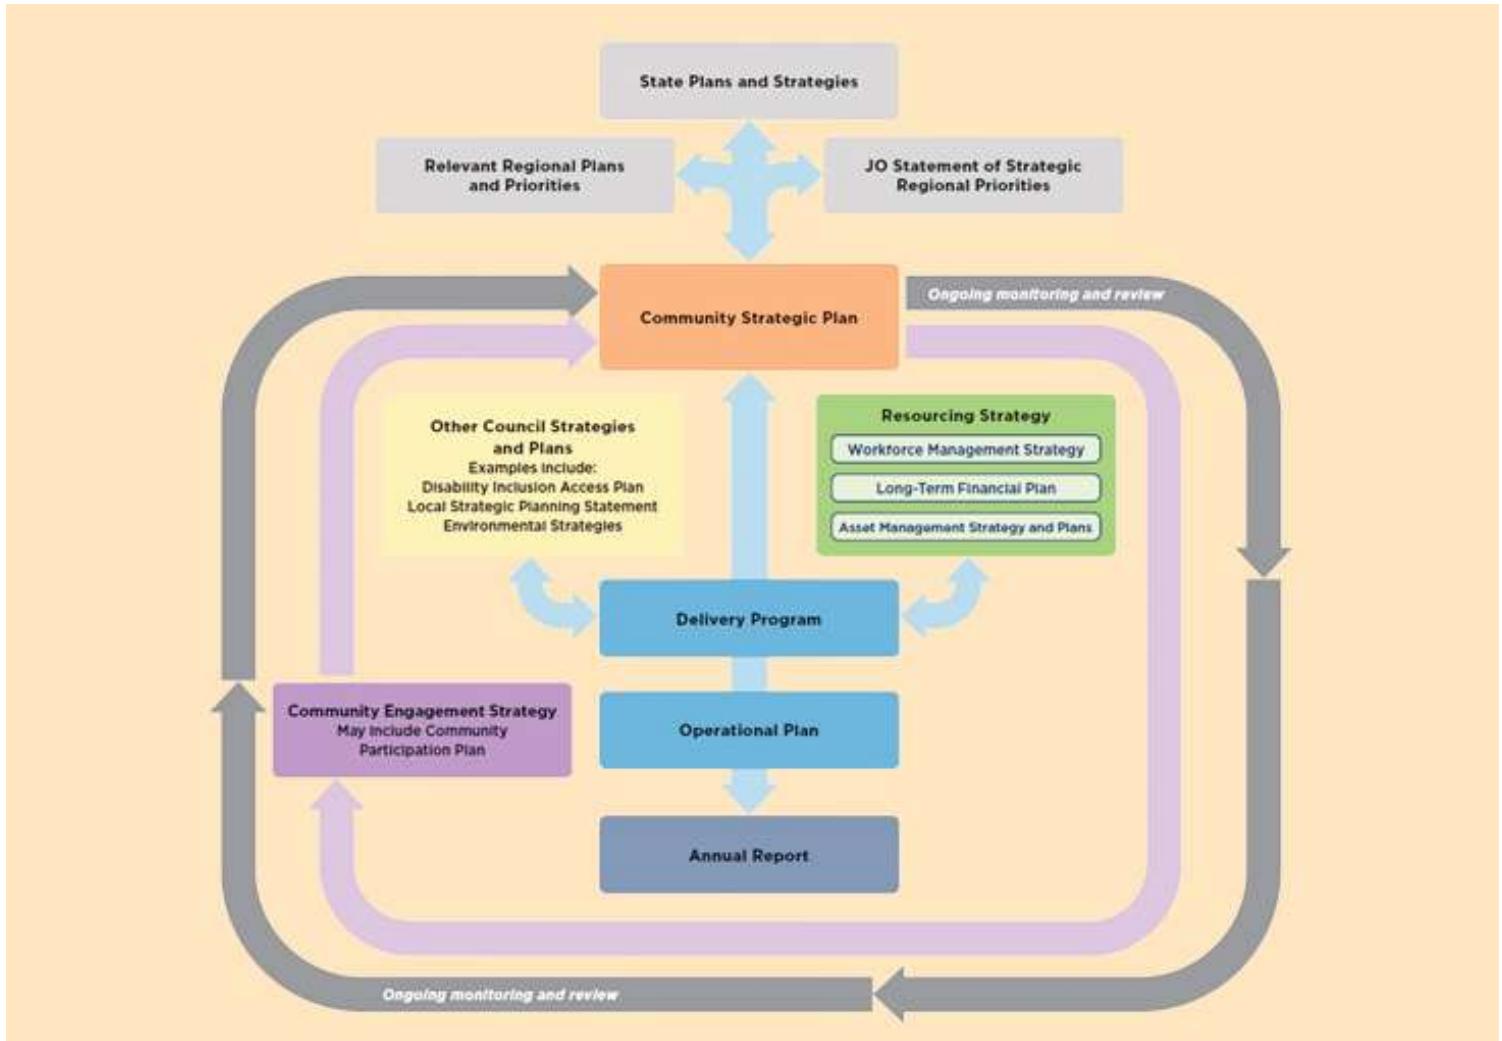

These plans are underpinned by a resourcing strategy which is made up of:

- Council's **Long-Term Financial Plan (LTFP)**,
- **Workforce Management Strategy**, and
- **Asset Management Strategy**

These plans and strategies allow Council to manage its assets and resources to deliver its services to the community.

INTEGRATED PLANNING & REPORTING

THE FRAMEWORK:

THE RELATIONSHIP BETWEEN THE PLANS:

Community Strategic Plan - 10+ Year Outlook

- Sets out the community goals
- Outlines strategies and measures to achieve the goals

Delivery Program - 4 Year Outlook

- Council's commitment and priorities during its term of office
- Progress towards the community's goals

Operational Plan - 1 Year Outlook

- Details the programs, projects and actions Council will undertake during the financial year to implement the Delivery Program

ORGANISATIONAL STRUCTURE

The organisation is comprised of two distinct divisions.

1. The Corporate, Governance and Community Division; and
2. The Infrastructure and Services Division.

The two divisions are headed by the Chief Corporate Officer and Director of Infrastructure respectively. Both report directly to the Chief Executive.

The Chief Executive has several other areas which report directly.

AREAS OF RESPONSIBILITY

Accountability is a key component of ensuring Council delivers quality services. The Delivery Program and Operational plans need to clearly state who is responsible for the delivery of Council's services.

The below table summarises the services and management ownership of that service.

HOW TO READ OUR PLANS

To make our plans meaningful and easier to read they are broken down into the Themes, Goals, Strategies and Actions that will be used to drive Council's service delivery.

The Community Strategic Plan (CSP) outlines the themes, goals and strategies that are the community's vision and are outlined below.

This document, the Delivery Program (DP) and Operational Plan (OP) reinforces the themes, goals and strategies and provides the service area that will deliver that service (DP). This document also outlines actions that will be undertaken this financial year by Council to deliver services to the community (OP).

To simplify the reading of this document, the high level combination of themes and goals from the CSP used to drive the development of this plan are shown in the below table.

THEME	GOALS

2023/24 FUNDING SUMMARY - BUDGET FORECAST (43% SRV YEAR ONE ONLY)

The financial overview shows how Tenterfield Shire Council aims to generate income and how the funds are to be allocated for the 2023-2024 financial year. Council generates income to fund services and assets for our community mainly through rates on property, government grants, interest on investments, and user charges.

The below table shows Council's forecast budget by operating fund and a detailed breakdown by key functional area and Council's performance ratios can be seen in the associated financial section.

It is very important for residents and ratepayers to understand that Local Government in NSW has very strict rules (known as restrictions) around how income can be spent.
As a general rule, income received for a particular fund can only be used for activities related to that fund. For example, income received in the Water Fund can only be used for water fund activities. It cannot be used for activities related to other funds such as general fund activities for example, parks and recreation.

The majority of this list covers legislated responsibilities, meaning Council has no choice. Others are items that if not managed, the cost escalation from risks incurred would far outweigh the perceived savings.

There are very few “nice to haves” in this list, and the list of legislated accountabilities for local government continues to grow.
