5. The Hon Penny Sharpe MLC, Minister for Climate Change, Minister for Energy, Minister for the Environment, and Minister for Heritage

The Minister wants to work together and harness our energies. NSW has been affected by natural disasters that need to be addressed. The Government is committed to climate change and legislation is to be introduced later this year to reduce emissions to net zero by 2050. The Net Zero Commission, an independent body is to report to parliament and will be the architect on how the government is progressing. There will be a transition from coal to other energy sources over the next 5 to 10 years. This will attract investment. There will be many planning and co-ordination challenges and there is a need to work closely with local government. The Government has concerns on how the Biodiversity Offsets Scheme has operated over the past 5 years and the Minister will table a report by the end of August together with a Land Services Review which will be considered together. The Government is preparing for El Nino and is working on water sharing plans where local government needs to work with the government.

6. The Hon Tara Moriarty MLC, Minister for Agriculture, Minister for Regional NSW, Minister for Western NSW

The Minister acknowledged the work being undertaken by local government. The Government is committed to supporting local government and is seeking thriving regions and in accordance with the communities expectations. The Minister wants to hear directly from councils on their concerns. Regional Roads is a significant issue and funds have and will continue to be committed. People are the Governments number one priority with stamp duty concessions being introduced, speed cameras being not now hidden, access to employment and services are being improved, housing supply and affordability is being focused on, the lot of young people is being improved, people are being encouraged to stay in the regions and businesses are being supported to create local jobs. Bio science is protecting the economy from Bio-Diversity threats. There are 36% of homes in

the State that do not have mobile coverage and 16500klm of roads have no or marginal coverage and fixing this is a priority.

7. Mr Simon Draper, CEO, NSW Reconstruction Authority

The NSW Reconstruction Authority is a new agency having been created over the last 4 years. Issues are changing and local and historical knowledge is being challenged. The job is to be with communities before and after disasters and when they occur they have to react quickly. The Authority works under two Ministers Planning and Emergency Services. The organisations functions are still being established. There are four functions – Prevention – State and local mitigation plans are needed to be rebuilt in a serviceable way – Preparedness – making sure community leaders are well set up – Recovery – people need to know they will be supported and – Funding – the huge task of adaptation and its expenditure. Everyone likes a bossy co-ordinator. The Authority needs to push programs but local co-ordination is essential as the resulting assets reverts to them

16. The Hon Dugald Saunders MP, Leader of the Nationals, Shadow Minister for Regional NSW, Shadow Minister for Agriculture and Natural Resources

The previous Government was responsible for the Regional Growth Fund and the Snowy Hydro Fund which allocated funds to NSW Statewide. The Opposition do not want programs commissioned by them to be cannibalised. Strategic Country Communities funding is under review, there are questions being raised regarding Resources for Regions and the Department of Regional NSW and the Department Regional Health are under review. Housing solutions such as modular housing need to be found and profit share power benefit schemes need to be introduced. Pot hole funds of \$50million are available and some councils have not taken up the opportunity to participate. Seniors and apprentice travel cards have been suspended and a petition against their suspension is being organised.

17. The Hon Wendy Tuckerman MP, Shadow Minister for Local Government, Shadow Minister for Small Business

The Review into Rate Pegging Methodology out. The security of local government funding in the September budget is in doubt. The Code of Conduct recommendations were supported by the previous government but there has been no word on what the government is doing. The Emergency Services Levy changes are extremely important and could be taken to the next election.

18. The Hon Mark Speakman MP, Leader of the Opposition

Regional NSW is very important to the Opposition and that is why 13 Shadow Ministers out 26 are from regional and rural areas. Regional people are doing it tough due to natural disasters. The Opposition is putting rural NSW front and centre and they are holding the Government to account on cost of living. Councils need to advocate with them. Infrastructure projects are being axed or held back. The Opposition will ensure that the government keeps its election promises.
