ANIMAL MICROCHIPPING AND REGISTRATION

Microchipping of a Dog and Cat is required under the Companions Act 1998 Section 70 (1) and it is purely for the identification of the animal. This must occur after the animal reaches 12 weeks or if you buy direct from a breeder. This is Australia wide and there are four organisations which have the details of the owner to that animal.

The idea of microchipping is so that when a Council Ranger picks up the animal they can then obtain the details of the owner through scanning of that animal. It is Council's responsibility to return that animal back to the owner as soon as possible, by getting in contact with the owner of that animal. This simply is for the welfare of the animal. It's also important to make sure your animal's microchip information is up to date if any of your contact details change.

As for registration of the Dog and Cat, it is also a requirement of the Companion Act Section 71, but this is state based in NSW and each Council has a requirement that the owner register their animal with that Council when the animal turns 6 months. This is a separate process to microchipping. Registering your animal with the Council is a one-off payment which lasts for the life of the animal. There are concessions for those on pensions as well as those who de-sex their animals.

For further information on registering and microchipping your animal, please call Council on 02 6736 6000.

TIME FOR A CHECK UP

With the 2023/2024 rates and charges to be issued in July 2023 it may be a good time to review your payment arrangement and increase your periodical payments so that you stay on track with your account. Give the Rates Department a call if you required any assistance.

PENSIONER CONCESSIONS

Have you moved house or become eligible for a pension? You may like to apply for the Pensioner Rebate on your Annual Rates. Application forms can be downloaded from Council's website. Please complete the checklist before submitting your completed application to Council with a copy of the front and back of your Pensioner Concession Card.

You may be eligible for the rebate if ...

- You have a current Pensioner Concession Card, and
- The property is your primary place of residence, and an Occupation Certificate has been issued.

If you already receive the rebate you do not need to do anything unless you have moved since your last Rates Notice, then you will need to re-apply. Unsure if you are receiving a rebate? Give Council a call.

Council's Rates Department contact details are 02 6736 6000 (option 2) if you would like any assistance with these topics.

NO HOT ASHES IN BINS

It's that time of year when residents light their fires to stave off the winter chill. Council Staff would like to remind residents that no hot ashes are to be placed in rubbish bins.

Hot Ashes can easily ignite waste when placed in bins, resulting in melted bins and potential damage to Council's side loader, Bettie, as seen recently in Redland, Queensland. Replacement of the side loader could potentially cost residents \$500,000!

Your patience and assistance with the safety of our Staff is always appreciated
