Tenterfield War Memorial Baths Opening Delayed

Regrettably Council wishes to advise that the Tenterfield War Memorial Baths will not be open over the long weekend in October. After Council staff recently drained the pools in readiness for this season, it was identified that urgent remediation of the pool shell was required to ensure the safety of pool patrons.

The pool will be open for patrons to swim on Saturday, 11 October 2025, where the new operators James and Shika from the Tenterfield Aquatic Centre are looking forward to seeing you all there.

Council apologies for this disruption to the pool season and assures residents that Council is working urgently to ensure the longevity of the pool and to ensure the season ahead is a success.
